

Privacy Policy for LinkLeafQR

LinkLeafQR (“we”, “our”, “us”) provides QR code creation, redirection and analytics services. This Privacy Policy explains how we handle personal data.

1. Data We Collect

- Account information (email, password).
- QR scan data: IP address, device type, browser, country/region, date/time.
- Redirect URLs, usage activity, preferences.
- Payment information is processed securely by Stripe—we never see card details.
- Cookies used for login sessions and analytics.

2. How We Use Data

- To operate QR code redirection and track scans.
- To maintain user accounts and subscriptions.
- To improve reliability and performance.
- To detect abuse, security threats or prohibited behaviour.
- To provide customer support.

3. Legal Basis

We process data under:

- Contract (providing the service).
- Legitimate interests (security, service improvement).
- Consent (cookies where required).

4. Data Sharing

We only share data with:

- Stripe (payments).
- Hosting and analytics providers.

We do not sell personal data.

5. Data Retention

- Account data: kept until deletion request.
- Scan logs: kept for analytics; removable on request.
- Backups: automatically cycled.

6. Your Rights

You may request deletion, correction, access, or restriction of your data by contacting support@linkleafqr.com.
